[Model: Claude Opus 4.5 | Temperature: 0.97 | Top P: 0.25]

Genre: "dark hip hop, Detroit rap, horrorcore" Instruments: "gritty boom bap drums, distorted bass, minor piano stabs, aggressive male rap vocal, pitched-down ad-libs"
Tags: "92 BPM; melancholic; explosive; fatalistic; raw"

[Intro | spoken, slurred, pained delivery | sparse piano | low rumble FX]

Fuck it all

Pour another, let it fall

Coulda been somebody, now I'm just a mess

Every shot I take, I'm further from my best

Staring at the bottle, tryna find a reason

Can't even look at myself, man, I'm barely breathin'

Breathin'

Leavin'

[Chorus | melodic rap hook | strained, desperate vocal | layered harmonies | minor key]

I tore my life up, can't glue it back

She tried to save me, I just cracked

All these bottles, all these lines

She was the only one, I pushed her aside

[Verse 1 | rapid-fire, syncopated Eminem flow | intense, escalating delivery | punchy drums | distorted bass]

I was busy chasin' nothin', runnin' from the shit I did,

Ducked my own reflection, hated every single kid I hid,

Coulda been a legend, but I let the liquor win again,

Every time she begged me, I just told her, "Let me live a bit,"

Now I'm sittin' in this kitchen, vision spinnin', pills and gin,

Phone's full of texts from her, I never even let her in,

Said she'd die for me, but I just let her drown in all my sins,

Told her, "I ain't worth it," now I'm wishin' I could call her in,

She was tryna pull me out, I pulled her down, I'm fuckin' sick,
All the shit I said, I can't remember half, I'm losin' grip,
Every time I promised her, I'd change, I went and did the flip,
Now I'm sittin' here, a shell, a joke, a fiend, a hypocrite,
She was everything, and I just threw her love into the trash,
Now I'm sittin' with these demons, screamin', beggin' for her back,
All these bottles, all these lines, I'm tryna fill the gap,
But the only thing I ever filled was her heart with cracks,
Now I'm sittin' in the dark, and I can't take it back,
Fuckin' hate myself, I'm faded, can't escape the past,
Every time I see her face, it's like a heart attack,
She was the only one who ever gave a damn, and that's a fact,
Now I'm sittin' here, just waitin' for the final act.
